

History and Citizenship Senior One Student's Book comprehensively and exhaustively covers the History and Citizenship competence-based curriculum.

This book is appropriate as it:

- Involves the learner in the teaching and learning process through numerous but relevant activities;
- Uses a simple known-to-unknown approach to teach various concepts;
- Lays emphasis on competences that stimulate the thinking of the learner;
- Suggests practical activities that demystify abstract information;
- Tackles cross-cutting issues in an interesting and learner-friendly way;
- Has illustrations and photos to make learning realistic;
- Provides End-of-Unit Revision Exercises.

Accompanying this Student's Book is a comprehensive Teacher's Guide with competence-based teaching guidelines. This will be helpful to a teacher in applying appropriate techniques to achieve the intended outcomes.
